Professional Profile

Web and multiplatform developer with dual technical degrees and hands-on experience in frontend and full-stack development. I work with modern JavaScript ecosystem technologies to build usable, efficient, and well-structured solutions. Constantly learning and motivated by transforming ideas into functional products focused on user experience.

Technical Skills

Angular TypeScript

React JavaScript

Astro Tailwind

NodeJS PHP

Git/GitHub SQL/NoSQL

Java Kotlin

José Luis Vásquez Drouet

Web & Multiplatform Developer

Professional Experience

Full Stack Developer (Internship) - Sagatech
sept. 2025 - dec. 2025 - Developed an ERP module for time tracking (check-ins, requests, and PDF report generation). Built the frontend using Astro, JavaScript, and Tailwind CSS, following mockups designed with Canva and Inkscape. Implemented business logic and functional testing. Collaborated on backend integration and ensured on-time delivery.

Data Analyst (Internship) - Re-Inventa
sept. 2024 - dec. 2024 - Designed and refined prompts for conversation analysis. Automated CSV generation and processing using JavaScript. Validated results and metrics in RStudio, identifying false positives and improving detection criteria. Collaborated using Microsoft 365 tools (Teams, SharePoint) for project documentation.

Logistics & Installations
Until July 2024 - Logistics coordinator with responsibilities in design, preparation, and installations. Acquired valuable experience in project management, customer interaction, problem-solving, and use of CAD tools.

Education

Higher Technician in Multiplatform Application Development (DAM)
ILERNA 2023 - 2025

Higher Technician in Web Application Development (DAW)
ILERNA 2021 - 2024

High School Diploma in Computer Science

Languages

- **Spanish** - Native
- **Italian** - Advanced
